

GREATEST BATTLE IS POSSIBLE AS RUSS RETREAT FROM VILNA

CZAR'S ARMY IS IN PRECARIOUS SITUATION WITHDRAWING FROM THE CITY.

LONDON CONCERNED FOR TROOPS

Fears For Their Safe Retreat—Military Authorities Express Confidence.

(Associated Press)
The Russian army which has been menaced since the fall of Vilna by the German encircling movement is estimated variously from 250,000 to 500,000 men.

The conditions under which they are attempting to extricate themselves furnish a strong parallel to those which followed the capture of Warsaw, and they may precipitate one of the greatest, if not the greatest, battle on the eastern front.

Concern In London
Grave concern is expressed in London for the retirement of the Russian forces. There are indications that Gen. Hindenburg has flung a loop about the Russians over a front of 200 miles and is now in their rear. However Petrograd military officials are confident their army will make a safe retreat.

Serbs Driven Back.
Berlin says the Germans have attacked and driven back the Serbs, and that the Russian army, which is attempting to escape from the Vilna region, is being pursued. The evacuation of Kiev is proceeding, Berlin adds.

Dumba To Leave.
Austrian Ambassador Dumba has engaged passage on the steamer Rotterdam, which will leave September 28. Archibald, the American who carried his message, arrived today on the Rotterdam.

Berlin, Sept. 20.—Vilna, the important Russian city at which the forces of Field Marshal von Hindenburg have been driving for several weeks, has been occupied by German troops, it was officially announced by the German army headquarters.

Official Announcement.
The text of the official statement given out by the German army headquarters follows:

"Western theater: Southeast of Bray, on the Somme, a widespread explosion effected in and behind enemy positions was successful. During the battle, and which was successful to us, the French suffered sanguinary losses. A few prisoners were taken. Directly to the west of the Argonne enemy divisions engaged in constructing trenches were dispersed by our artillery with heavy losses to them. Artillery combats continue along a large part of the front.

"Eastern theater: Army group of Field Marshal von Hindenburg. The extensive attack by General von Eichorn against Vilna has been crowned with complete success. Our left wing has reached Molodchno, Smorod and Worjany. Attempts by the enemy to break through our lines in the direction of Mischalschik with strong forces hurriedly collected failed completely. Because of the uninterrupted progress of our encircling movement and simultaneous strong attacks by the troops of General von Scholz and von Gallwitz upon the enemy's front, the forces opposing us have been forced since yesterday to retreat as quickly as possible along the entire front. The strongly fortified town of Vilna fell into our hands. The enemy is being pursued along the entire line.

Pursue Retreating Russ.
"Army group of Prince Leopold of Bavaria. The army group is also occupied in pursuing the retreating enemy and has reached the line running through Nierdowice, Derwoje and Dobromyl. Enemy rear guards were defeated."

Mine Attack Fails, Says Paris.
Paris, Sept. 20.—The afternoon's war office statement says: "In Antois, in the Neuville-Rocourt sector, there was fighting with bombs, infantry fire on a large scale and artillery bombardment during a part of the night. In the region of Faye, to the southwest of Peronne, the Germans, after having exploded a very powerful mine, delivered an attack which was repulsed by our artillery and artillery fire. A number of prisoners remained in our hands. Yesterday evening a German anti-aircraft battery was placed hors de combat to the east of St. Mihiel. In the Vosges there was a violent bomb and hand grenade conflict and cannonading in the valley of Sondernach."

Supervisors To Appropriate For State Aid Road

State Has Set Aside \$10,460 For This Years Share In Lee County

The board of supervisors reconvened their meeting this afternoon at 2:30 o'clock. Several communications were read, including two from the State Highway commission, in which attention was called to the amount of \$10,460 that had been set apart as the amount of the state aid road fund for Lee county, provided a similar sum be appropriated by the county.

A communication was also read from the state association of supervisors and county clerks, the annual convention to be held at Springfield Oct. 26, 27 and 28, and asking that Lee county send delegates. For two years past Lee county has not been represented at the meetings. As most of the counties of the state belong to the association it was moved that Lee county again send a representation, that the chairman of this board be one of the committee and that he name the other two members. Chairman Cook stated that he would name the other members on the convening of the board Tuesday.

A communication was also read from the state association of superintendents of county homes and charity work. Their annual meeting will be held at Danville Oct. 22-25. It was moved that the superintendent and matron of the Lee county home and the chairman of the alms house committee be sent as delegates to the meeting. The motion carried.

The report of the bridge committee was read on bridges completed in East Grove and Hamilton townships in which county aid had been extended and the bridges had been accepted by the county highway superintendent. After the reading of other reports the board adjourned until next Tuesday.

THROWN AGAINST POST ARM BROKEN TWICE

RAY LYNN BADLY HURT WHILE HOLDING TEAM AT ELDENA.

Ray Lynn, a young man employed by Peter Hoyle of South Dixon, was the victim of an accident at Eldena on Saturday afternoon in which his right arm was broken in two places between the elbow and shoulder. The young fellow was standing at the heads of a team of horses when they became frightened and in their efforts to get away threw him heavily against a telephone pole.

MRS. PLATT SHOWS IMPROVEMENT

DeKalb Woman, Hurt at Ashton, Reported Better Saturday.

Advices from DeKalb state that the attending physicians feel that there is a slight change for the better in the condition of Mrs. Harley Platt, who was injured in an automobile accident at Ashton several weeks ago and who has been unconscious since the mishap. Saturday the woman, who had been removed to her home from the hospital, was able to reply to questions by nods of her head.

TRAFFIC DELAYED THIS MORNING

Freight Car Derailed Between This City and Nelson the Cause.

A derailment on the Northwestern road between this city and Nelson at about 2 o'clock this morning tied up traffic on the eastbound track for a few hours. An extra freight train in charge of Conductor F. O. Pierce was rolling along when a pair of trucks under a car about in the middle of the train left the rails. Fortunately none of the other cars in the train left the track.

HAD OPERATION

Mrs. Slesman, wife of the custodian at Assembly Park, underwent an operation performed by Doctors Maxwell and Werren.

Mr. and Mrs. Geo. Boynton will go to Chicago tomorrow for a few days.

SECOND CONTINUANCE ON RIVER ST. PAVING

SURVEYORS UNABLE TO COMPLETE THEIR WORK — POSTPONE HEARING.

FRANKLIN GROVE ROAD TUESDAY

A further continuance of a week was taken this morning in the county court on the hearing of the assessment roll as to the East River street improvement. There is a question as to the south line east from the intersection of Ravina avenue. Property owners on that side contend that if a 26-foot concrete roadway is built it will encroach upon their land. Surveyors last week began running the street lines but because of bad weather did not accomplish much and a continuance was taken to give them time to complete the work.

The confirmation of the assessment roll as to the concrete roadway on the Franklin Grove road will be taken up in the county court tomorrow morning. There are objectors to this improvement.

NELSON'S AUTO WAS FOUND IN A GROVE

MACHINE HAD BEEN TAKEN OUT OF DEKALB GARAGE—WAS FOUND NEAR BATAVIA.

Robert Nelson of this city, who has been doing some work near DeKalb, left his Ford car in a garage at DeKalb last Sunday and returned to this city on the train. When he went back there last week to get his car he learned that someone had taken the car out of the garage and had not returned it. Friday he received word that the car had been located in some woods near Batavia and from appearances it had been roughly used, as a number of the parts were broken. The car had been stripped by Mr. Nelson and rebuilt.

DIRECTED AFFAIRS TO NEAR THE END

MRS. DRUMMOND CONTINUED SUPERVISION OF RED CROSS HOSPITAL

Chicago, Sept. 20.—Mrs. Maudwin Drummond, formerly Mrs. Marshall Field II, is dead in England. A cablegram conveying this information was received by Stanley Field. The news came as a shock to relatives and friends in this city.

It had been known that Mrs. Drummond was ill, but while her son, Marshall Field III, and his wife had been summoned from Chicago a few days ago by cable as a result of her illness, none realized that her condition was so serious.

She continued almost to the last the personal supervision of the Red Cross hospital into which at the outbreak of the war she converted her home.

ROCKEFELLER INSPECTS PROPERTY

Arrived at Scene of Colorado Strike For Investigation.

(Associated Press)
Trinidad, Col., Sept. 20.—John D. Rockefeller Jr. arrived here today for an inspection of the properties of the Colorado Fuel & Iron Co., in which he is interested. The inspection is made in response to a request made earlier in the year by Mother Jones and other labor leaders that he visit the scenes of the Colorado strike.

INTERURBAN CAR INTO DITCH

Five People Hurt Enroute to Illinois State Fair.

INDIANA TO CELEBRATE NATAL DAY OF JAMES WHITCOMB RILEY.

JAMES WHITCOMB RILEY and PROTEGE in FRONT OF HIS HOME

Oct. 7 of this year will be a red letter day in the city of Indianapolis and the state of Indiana. It is the sixty-sixth anniversary of the birth of James Whitcomb Riley, the poet, and there will be great doings. Here's what the New York Times says editorially about the coming momentous day: "What will they say now—those critics of the American people, who have, some of them, lamented and others rather exulted over, our inappreciation of the literary man as a national asset and object of respect? The importance ascribed to D'Annunzio and his work by the Italians of all ranks has been repeatedly instanced of late as indicative of their possession of an aesthetic intelligence and sensitiveness utterly or almost lacking among comparative barbarians like ourselves, and the notion that we, too, could take a more poet otherwise than as an amiable trifler would doubtless have been treated with disdainful laughter if ever it had entered the minds of these critics—which, of course, it didn't. Yet Samuel M. Ralston, who, as he has been raised to the high office of governor by a not inconsiderable group of American citizens, represents, it can fairly be assumed, the ideas and judgment of that group, has just set his hand and caused to be affixed the great seal of the state of Indiana at the capital, in the city of Indianapolis, to a long and solemn document which proclaims, That Oct. 7, this year, being the sixty-sixth anniversary of James Whitcomb Riley's birth, shall be Riley day. And urges, That all the people of the state arrange in their respective communities, in their own way, appropriate public exercises in their schools and at their other public meeting places, and that they display the American flag in their homes and places of business on that day in honor of James Whitcomb Riley, Indiana's most beloved citizen! There's appreciation for you, and of a poet too! When has or will Italy or any other country in Europe do a thing like that? To be sure, Indiana is not the United States, but it is quite as distinctly American as any single one of our states could be, and if, or rather as, of all its citizens Indiana loves best a maker of verses, one doesn't have to be a resident of that particular literary belt to feel authorized to scorn the scorn mentioned above. Precisely what are 'appropriate public exercises' for the state wide celebration of a living poet's birthday Governor Ralston, in cautioning the state, refrains from telling. He trusts his people to find right things to do, if they do not know them already, and there need be no fear that his confidence will be betrayed. The accompanying photograph of Mr. Riley was taken in front of his home in Indianapolis. With Mr. Riley as a little boy whose birthday falls on the same day as that of Mr. Riley."

HEALER ORDERED TO LEAVE BY OFFICIALS

REV. DR. HAWKINS OF ST. LOUIS MET CHILLY RECEPTION IN STERLING.

NOT PERMITTED TO OPEN OFFICE

(Special to Telegraph)
Sterling, Sept. 20.—Rev. Dr. Hawkins, a traveling "healer" who claims St. Louis as his home, arrived in Sterling this morning prepared to carry on a big day's business here as the result of some extensive advertising in this section of the state last week. But he had reckoned without consulting Mayor A. J. Platt or Commissioner Overholser.

For Dr. Hawkins had no more than gotten nicely located in his room when he was visited by the two officials who asked him to close up his "office" and to leave the city as soon as possible. The officials intimated that unless the "doctor" heeded their invitation he might have to remain in Sterling longer than he had intended. He did as requested, leaving here at 1 o'clock for Dixon, from which city he expected to go to Mt. Carroll.

RELAYING PAVEMENT WITH CONCRETE BASE

GALENA AVE. PAVING NEAR THE BRIDGE GETTING MUCH NEEDED REPAIRS.

The brick paving on Galena avenue between the south end of the bridge and the railroad tracks, has become very uneven, due to having been taken up at various times. The bricks between the rails of the switch are badly broken as also those along the planking of the railroad track. If the wheels of a rig or an automobile dropped between the rails of the street it has been almost impossible to get out. Commissioner of Streets Collins Dysart and Vice President E. D. Alexander of the electric road have reached an agreement to proportion the expense of tearing up the pavement and replacing it with brick blocks with a concrete binder underneath. This improvement will be greatly appreciated by those who have occasion to drive back and forth across the bridge often.

WOMAN GORED BY ANGRY COW

Malta Housewife Is In Critical Condition as Result of Attack.

Mrs. Wm. Daw, living seven miles southwest of Malta, was seriously and perhaps fatally gored by an angry cow in the big dairy barn at the farm home. She is in a precarious condition and it is hard to tell whether she will recover from her injuries or not. The horns of the cow inflicted a terrible gash in the left side and she is otherwise badly bruised and cut. Her physician is fearful of an infection of the gash in the side, caused by the animal's horn.

ARREST BOOTLEGGER ON COLONY GROUND

MICHAEL JOHNS FINED \$94 FOR SELLING BEER ON THE STATE LAND.

SHERIFF FOUND STOCK ON HAND

Michael Johns, who has a shack on the epileptic colony grounds north of the city, was arrested this morning on a warrant sworn out before Magistrate W. G. Kent on the charge of selling liquor without a license. The sheriff on going through his small buildings found an ice box in which were a number of bottles of beer, and in a rear apartment were about six cases that had not been opened. Several witnesses appeared in court and testified to having bought and drunk beer in his place of business. Johns pleaded guilty to the charge and the fine and costs amounted to \$94, which he paid.

Johns has been employed at the colony and according to testimony that came out at the hearing has been disposing of beer there for the past number of weeks and is said to have done a good business.

FREIGHT STEAMER BURNS IN MID-OCEAN

GREEK SHIP ATHENA ABANDONED BY CREW—HAD BUT FEW PASSENGERS.

(Associated Press)
Halifax, Sept. 20.—The Greek steamer Athena, 4400 tons, was abandoned in midocean last night after she caught fire, and the ship burned to the water's edge. The Anchor Line freighter Lusinda responded to the Athena's wireless call and later reported that she was standing by and giving strength to the relief of all hands saved. The Athena sailed from New York Thursday with few passengers, but with a heavy cargo of merchandise.

One life was lost. The steamer Tuscania rescued 408 of the Athena's passengers and crew, while the Roumania Price picked up 61 others.

SHOT MOTOR BOAT OVER DAM SUNDAY

PERCY HECKMAN MADE THRILLING TRIP IN LAUNCH—MANY SAW TRIP.

Charles Heckman recently placed in the river a motor boat that he had constructed. He wanted to get it below the dam and Sunday morning his brother, Percy Heckman, shot over the dam with the boat and made the perilous trip in safety. A large number of people saw him as he started over the dam and after passing over the crest he was lost to view by those crossing the bridge at the time by a high wave for a few seconds and then came riding over the wave without as much as getting a wetting. He maneuvered about the rough water below the dam for quite a few minutes and the little craft showed its ability to withstand the surging waves.

WITNESSES TELL OF ZEPPELIN RAIDS ON LONDON ON SEPT. 8

HITHERTO SUPPRESSED DETAILS RELATED BY PASSENGERS ON ORDUNA.

BOMBS STRUCK NEAR HOSPITAL

Patients Removed To the Streets and Kept There While Repairs Were Made.

(Associated Press)
New York, Sept. 20.—Thrilling stories of a fight in the sky between German invaders and British aircraft, and other details of the damage inflicted by the Zeppelin raid on London during the night of Sept. 8, hitherto suppressed by the British censor, were told today by several persons who arrived here on the Orduna.

Some of the passengers said there were three Zeppelins, but those who told the story said they had seen but one. The big airship circled over the theatre and hotel district of London dropping explosive incendiary bombs. One later destroyed by fire an entire block of warehouses five minutes' walk from St. Paul's church.

Several bombs fell near three hospitals in a cluster and each of the three buildings was rocked to its very foundation. Not a pane of glass was left intact and patients had to be removed to the streets, where they were left for hours, while the damage to the buildings was repaired.

It was unofficially reported that the total casualties were forty killed and 200 wounded. Not a government building, church, dock or arsenal was reached by the bombs.

One of the bombs struck a bus and virtually obliterated sixteen occupants, the survivors say. Millions of people watched the raid, among them Ambassador Page.

SIX ASK FOR PAPERS OF CITIZENSHIP HERE

CIRCUIT COURT OPENED WITH MEETING OF GRAND JURY —KENNETH FOREMAN

The September term of the circuit court was opened this afternoon with Judge R. S. Farrand presiding. The grand jury was called and sworn, all members being present but John F. Freil of East Grove township, and Joseph Rueland of this city was selected to take Mr. Freil's place. After receiving their instructions from state's attorney Harry Edwards they organized by the selection of Henry Kenneth of this city as chairman, and Joseph Rueland as clerk. They retired to the grand jury room and immediately started in to investigate the matters to be brought to their attention.

Six different persons appeared before the court to be naturalized. Those who were granted papers were Wolfe, Philip James George Clendon, Daniel Wolfe, Philip Delmonti, Knute Dale, Soren Jensen, and Ralph DeFilippo.

NEAR ACCIDENT ON BRIDGE

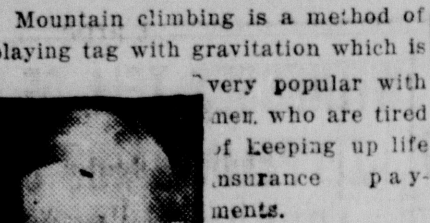

Buggy Brushed By Auto Saturday Evening—No One Hurt.

Miss Ruth Leivan and Harold McCleary narrowly escaped an accident which might easily have proven serious Saturday evening when a buggy in which they were riding was brushed and tipped slightly by an automobile driven by Bert Boynton on the bridge. Very little damage was done to the vehicle.

Seavey Moeller was out from Chicago over Sunday visiting with his mother and other relatives.

Vest Pocket Essays

By GEORGE FITCH
Author of "At Good Old Swash"

Mountain climbing is a method of playing tag with gravitation which is very popular with men, who are tired of keeping up life insurance payments.

It was invented as a sport in Switzerland and is far more expensive than golf of Kelly Pool. Class A mountain climbing costs \$50 a day exclusive of the under taker's charges.

Mountain climbing is very difficult to learn, like aviation, because the man who makes a mistake does not often get a second chance. But when the pupil has become proficient he loves it beyond all other sports and is not happy unless he is holding a mountain peak in both arms and shining his way slowly aloft regardless of iceicles.

When a mountain climber feels the fit coming on he selects a tall, morose peak which has not been tampered with for some time. He then engages half a dozen guides, ties himself to them with a stout rope. Then he arises at 2 a. m. and after a light breakfast of coffee, rolls and frost

bite, he walks seven miles in the snow to a point where the mountain rises straight up.

Here the mountain climber begins to enjoy himself. Sticking a finger in one crack and a toe in the other he works slowly aloft, now and then holding on with his neck and ears, and feasting on the scenery below.

There is always plenty of scenery for the mountain climber. He can stop at any time and look down a mile or two. It is a great comfort to him to know that if he drops his cigar all he has to do is to let go and he will land beside it in a few minutes.

After the mountain climber has crawled up 11,000 feet of snow and ice, has hung over Europe by a rope a few times and has worn off his finger ends scratching toeholds in the granite flanks of the peak, he reaches the summit. After this he has no interest in the mountain and leaves it right away. Some climbers thoughtlessly remove a hand from the mountain to scratch an ear and reach the bottom in almost no time, but this is considered bad form.

Mountain climbing is more fatal than aviation, but not as dangerous as deer hunting in Wisconsin. It is also a much fairer sport, because the mountain has some chance.

Captain Simmons In Charge At Boys' State Fair School

(Associated Press)

Springfield, Ill., Sept. 20.—Illinois' most successful "stay on the farm" movement was in full swing here today at the State Fair with 315 boys from every county in the state getting expert instruction in subjects ranging from milk testing and rope tying to stock, corn and poultry judging.

As military science is a part of the curriculum the students at the boys' state fair school are subjected to the strictest discipline. A program is carried out each day according to a carefully prepared chart.

The tones of a bugle aroused the boys at 6:30 a. m. today and brought them tumbling forth from the brown canvas army tents furnished by the Illinois National Guard, through the courtesy of the war department at Washington. Fifteen minutes later, after a hurried toilet made with cold water in tin basins, reveille was sounded and Old Glory raised to the top of the flagstaff with the boys standing stiffly at attention.

At 7 o'clock they were marched on to their parade ground and there put through a stiff series of setting up exercises which lasted until 7:25 when they welcomed mess call. Breakfast was over by 8 o'clock, when the policing of camp began. Everything about the camp was in apple pie order by 8:15 when "assembly" was sounded. J. C. Hanna, high school supervisor in the office of the state superintendent of public instruction, spoke to the students in a general way on the subjects they were to pursue during the day. Prof. Hanna is the principal in charge of the school.

By 8:30 the students, in groups of 20 and 25, were hard at work or play, depending on the spirit of the individual, in laboratory classes lasting 90 minutes.

One of the classes was being initiated into the mysteries of rope tying and splicing. If you think this is something at which to sniff, try putting a saddle on a horse that is sure to buck and then "cinching" it on to stay; or even hitching a horse so he won't pull free the minute your back is turned. Or better still, try splicing a rope so the "splice" will be stronger than the rope.

Another class was testing milk, and this was a far more intricate process than drinking it. Others of the boys were learning why the judges of the various classes of horses said: "Take the gate" when certain animals were trotted past them and why they hung blue, red and white ribbons on others.

In the lecture tent half the membership of the school listened to a lecture by Dr. John Dill Robertson, the health commissioner of Chicago, and professor of surgery in the medical

department of Loyola University. His subject was all absorbing—"How To Keep a Boy Well."

After fifteen minutes intermission, from 10 to 10:15 o'clock, the lecture was repeated to the boys who had been engaged in laboratory work, and those who had listened to the lecture took their turn at rope tying, stock judging and fruit tree grafting.

The next intermission was brief, but five minutes, in fact, but to the boys it was the longest period of the day, for it preceded mess call, which was given at 11:55, and promptly at noon the corn fed farmer lad and the sharp eyed student from the city were ploughing shoulder to shoulder into plates heaped high with the best food Illinois prairies could produce.

Following assembly at 1:30 the boys were to listen to another lecture—this time in the form of an address. They are to get one each day and the speakers include Gov. Dunne, Len Small, president of the state board of agriculture; President Edmund James of the University of Illinois; and President H. W. Shryock of the Southern Illinois State Normal University.

More setting up exercises at 5 o'clock, conducted as usual by Capt. A. I. Simmons, quartermaster of the Seventh Infantry, I. N. G., in charge of the militia work at the school, and then retreat, the lowering of the flag, and supper at 6 o'clock sharp.

A study hour has been arranged to follow supper each night and it is during this time the boys are to review the lectures and laboratory work of the day, assembling the material with which to complete their report of experiences at the state fair school.

Gold medals are to be given to the boys writing the best reports of the doings at the school from the standpoint of town and country.

"Taps" at 9:30 arrive none too soon for the majority of the boys and it is rare that Capt. Simmons has to rebuke any of his charges.

Among those who are to lecture this week and assist in the instruction to be given in laboratory are Dr. Jos. Hughes, president of the Chicago Veterinary college; Dean Eugene Davenport of the University of Illinois College of Agriculture and Prof. Fred H. Rankin, assistant dean; Prof. R. E. Hieronymus, community advisor and lecturer, University of Illinois; A. D. Gash, president of the Illinois Highway commission; and Professors D. C. Barto, E. E. Hoskins, H. B. Dornier, M. E. Jahr, W. H. Smith and A. W. Nolan, all of the University of Illinois.

Three days of the week the boys are to be given talks on "Soils and Their Treatment," by Prof. Hoskins and on one day a lecture on floriculture by Prof. Dornier.

Europe Will Pay War Debts To U.S. Says Banking Expert

(The Associated Press)
Denver, Colo., Sept. 20.—The problem of American finance, as affected by the European war, was discussed here today at the opening of the convention of the Investment Bankers' Association of America, by A. B. Leach of New York, president of the association.

The speaker also devoted some time to railroad securities, public service companies and "blue sky" regulations. Touching war finance, he said:

"As investment bankers, we face the problem, that the capital which has been expended for the development of this country, derived in the past from Europe, will not be available. We therefore must devise ways and means to furnish monies for these developments from home capital. This is a broad opportunity, it is a great responsibility, but I feel that the investment bankers will measure up to it, not only so we will serve our country successfully and faithfully, but so we shall find success in our business."

"Again, there will be resold to this country in enormous volumes—they are coming every day—securities which have been placed in Europe. We could not have them presented to us at a better time. Never before in the history of the country have we been in position where they could be absorbed and repurchased as they have today; it will make probably, not a creditor nation, but certainly a nation very much nearer that point than ever before. The interest and dividend monies which have been going to the other side will be paid to our own people, in a larger measure than before."

"We also face the problem as to what will be the price of money, the return on bonds and stock investments. After the close of the war,

when the time of readjustment comes, this vast volume of paper which is now being used in Europe to finance the war, will have to be redeemed, and we will get back to a gold basis.

"The problem is so complex that it is difficult to prophesy, but I believe that this reconstruction period will be faced by the American investor public, with a smaller loss and that we will come out of it in the best position of any country in the world. I have heard it prophesied by the very wise, that at the end of the war, we would face a financial catastrophe, that wreckage and repudiation would be worldwide. I do not believe this. This regeneration work in business, this calling in of credits will be gradual, the nations must face a long period of economy, they must face a long period of high taxation, Europe will not repudiate its indebtedness, Europe will be able to pay, and if we must bear a share of the terrific destruction, I believe that America will come out richer and in a stronger financial and business position than ever before."

Mr. Leach questioned the value of physical valuation of railroads, remarking that the report would be obsolete by the time it was completed.

"I could name a long list of railroads which have fallen by the wayside, and are now in the hands of receivers," he said. "And although I will agree with the most radical as to the mistakes or errors, and crimes if you will—that have been committed in the handling of some of these properties, I will say to you, nevertheless, that today is the time to forget; let us leave the past behind and forget what has been done."

"Blue sky" laws, the speaker asserted have in many instances been made so broad that they impede legitimate investments. Public service commissions, he thought, were prone to grant lower rates with too little regard for the rights of the companies affected. As with the railroads, he opined that the public service commissions pay too much attention to physical valuations in basing rates of return on investments.

DUMBA IGNORES OUSTING CAUSE

U. S. Will Pay No Attention to His Letter.

IS OFFENSIVE IN TWO WAYS

Innuendoes Against U. S. in Bad Form as Well as Publication in Newspapers Without Consulting U. S. Government—Cause of Recall Was Plot Against Legitimate Business.

Washington, Sept. 20.—The administration regards with high displeasure the letter of Dr. Dumba, the Austro-Hungarian ambassador, to Secretary of State Lansing. It is understood, however, that no further action in the ambassador's case is contemplated, as this government considers his case already completely disposed of by the fact that his departure from this country, never to return as ambassador, is an absolute certainty.

The displeasure of the administration over the latest Dumba letter covers both the contents of his communication and the manner in which it became public property.

It became public property through the newspapers without the sanction of the state department and without even in any way consulting the wishes of the state department in regard to publication. The communication was really addressed by its writer to the American public particularly that part of it in closest touch with the German part and not to the U. S. government. The document is viewed here as an unfortunate yielding upon the part of the Austro-Hungarian ambassador to a desire to relieve himself at length and in public, after feelings caused by the cause of his intrigues—his now infamous communication to Archibald.

The chief point raised against Dr. Dumba's defense is that he completely ignores the principal cause for the United States government's request to Vienna that he be recalled. This was the following paragraph of his letter to his Vienna foreign minister taken from Archibald by the British: "I am under the impression that we could, if not entirely prevent the production of war material in Bethlehem and the middle west, at any rate strongly disorganize it and hold it up for months, which according to the statement of German military attaché, is of great importance."

Dumba ignores Real Offense. It was this statement by the ambassador which was the chief of the basis of discussion at Washington that Dumba could no longer be regarded as persona grata. This sentence was taken here as obvious evidence of an intent to disrupt an American industry, an industry which the United States government had only a short time before informed Dr. Dumba's government was entirely legal and entitled to the full protection of the United States. It was not the plan for calling the attention of Austro-Hungarian subjects to the attitude of their government toward their engaging in the manufacture of war materials for the use of the enemy that caused the request for Dr. Dumba's recall; it was his statement of a plan by which he hoped to break up the production of war munitions in American plants.

Consequently, as the ambassador's latest letter practically ignores the real cause, and discusses at length an issue which never really entered into the matter of his recall, there is no disposition in official quarters to give any particular consideration to his defense in this regard. The secondary cause for his recall, as mentioned in the American note to Vienna, was his giving official papers to an American citizen, bearing an American passport, to be carried through the lines of the enemy. This Washington regarded, and so characterized, as an improper act on the part of the ambassador, and as an offense on the part of the American in question also.

CANNON HAS PLAN FOR U. S. DEFENSE

WOULD SOON HAVE RESERVE ARMY OF 200,000 MEN READY FOR SERVICE.

(Associated Press)

Danville, Ill., Sept. 20.—Congressman Joe Cannon in an address before a reunion of Spanish-American War Veterans here today, advanced a reserve army for the United States of 100,000 men, and the same number of marines and sailors, which would cost the nation \$50,000,000 a year.

After two years of service 200,000 soldiers, sailors and marines would pass to the reserve and be ready for the country's call any time they were needed, under his plan. He would have the soldiers paid \$250 per year, but their only drilling would be at camp.

"The plan," Cannon said, "would supply an army of several hundred thousand men in a few years and they would act as the nucleus for a still larger army and navy should occasion arise."

DR. HILLIS DECLARES HE DESERTED IDEALS

Thirst for Wealth and Power Brought on Troubles.

New York, Sept. 20.—The Rev. Newell Dwight Hillis, noted Brooklyn preacher, successor to Henry Ward Beecher and Lyman Abbott, in Plymouth church, one of the most famous churches in America, an author whose books on religious subjects have had extraordinary sales, and chautauqua orator whose fame is second only to that of Wm. J. Bryan, Sunday in his pulpit told his congregation that his life-long ambitions for wealth and power had utterly crushed his life, brought him to the brink of poverty and humbled him so that he said he was not worthy to unloose the shoe laces of a poor worker of the slums.

His lawyer, it is understood, strongly advised him to attempt no public statements. Yet he changed the subject of his sermon shortly before he entered the pulpit and prefaced his "public statement" with the announcement that he had written it but an hour and a half before.

U-Boat and Hydroplanes Lost. London, Sept. 20.—Reports are current in Copenhagen that a German submarine has been destroyed off Utsire (Norway) and that three German hydroplanes have been destroyed in the Baltic, according to an Exchange Telegram dispatch.

WHAT THE BILLION WOULD BUY.

Some calculator has figured out what the billion dollars wanted by the allies from the United States to carry on the war would buy in our own country.

In America, he says, the billion would purchase 20,000,000,000 loaves of bread, 1,000,000,000 pairs of baby shoes, 2,500,000 automobiles, 20,000,000 pounds of sugar, 20,000,000 barrels of flour, 10,000,000,000 10-cigars, 200,000,000 pairs of men's shoes, 4,000,000,000 pairs of socks, 2,000,000,000 pianos, 500,000,000 men's shirts \$2 each, 20,000 submarines at \$500,000 each, 166,666,666 tons of soft coal, 13,333,334 cows at \$75 each, 10,000,000 horses at \$100 each, 4,000,000,000 dozen eggs at 25c a dozen, 40,000,000 suits of clothes at \$25 each, 5,555,555,555 pounds of dressed ribs of beef at the present market price, will keep 83,333,334 families for one week at \$12, or will keep 1,602,564 families for one year at \$12 per week, will pay for 2,000,000 boys' college education for one year or will buy homes for 200,000 at \$5,000 apiece.

The same calculator figures that the billion wouldn't last the allies two months, figuring the war cost at \$20,000,000 a day.

COMMISSION-MANAGER GOVERNMENT PROSPEROUS.

Neither war nor business distractions have stopped the movement of cities for simplified government. Nor has the reactionary spirit abroad in the country deterred them from fulfilling the most modern ideas in city government. It is not too much to say that the commission manager plan has now practically succeeded in elbowing the older commission type, such as Dixon has, almost out of prominence.

Iowa, for instance, was the first of the states to have a considerable group of cities under the commission form, as a result of the influence of Galveston and Des Moines. That state now has an optional commission-manager law, and now Webster City, in that state, promises to start the movement going for its adoption. In Ohio the general optional city government law, which has lain dormant in the statute books, is now about to go into force in Westerville, which adopted the city manager plan on July 31st.

The following cities have recently joined the ranks of the City Manager class: San Jose, Cal., Westerville, O., and Elizabeth City, N. C.

MARKET SQUARE PARK ALL SETTLED.

Concerning the turning of Haymarket Square into a public park, the park commission decided some months ago to do this, as has been published several times in the Telegraph, the money has been appropriated for the several times in the Telegraph, the money has been appropriated for the for the park board, has prepared the plans for the complete improvement of the park and the plans are in the hands of the park board, and the city has ordered the water runway, known as the "slough," at the west end of the grounds, covered with a concrete arch, on the top of which the park board plans a driveway. The work will all be done next year and before the summer is over the park will be available for use by the public.

WAR TALK PROHIBITED.

The Pennsylvania railroad moves wisely in issuing an order at Altoona that none of its employees should argue the question of the European war. In all its operations where men of many nationalities are employed the European topic can only lead to dissension. Patriotism invariably rises above ties of friendship, and in moments of enthusiastic declaration for love of country there is always the danger of grave disruption. And then, again, foreigners for the most part converse with their hands, and it must be seen how utterly impossible it is for them to talk war and wield a shovel at the same time.

CIVILIAN MILITARY CAMP OPENS TODAY

MANY PROMINENT MEN ARE ENROLLED AS RECRUITS AT FORT SHERIDAN.

U. S. ARMY OFFICER IN COMMAND

(Associated Press) Fort Sheridan, Ill., Sept. 20.—The Civilian Military instruction camp with a roster of practically 600 names—doctors, lawyers, engineers, clerks, policemen—enrolled, was opened here today.

Col. W. J. Nicholson, commandant at the post and recently appointed a member of the board to pass on proposed new equipment for cavalry horses, is in command.

Congressman Martin B. Madden, who worked constantly for a month to make the camp a success, and Barratt O'Hara, lieutenant governor of Illinois and a former soldier in the Philippines, are among the recruits. Others include Fred Alger, son of the late secretary of war, Russell A. Alger of Detroit, Mich.; Charles Pike, a brother-in-law of Fred Alger and son of Eugene Pike, comptroller of Chicago, and E. R. Sharp Jr. of Columbus, O., who went through the course at the Plattsburg camp, and came here for more. All parts of the middle west are represented.

The regular garrison comprises four troops of the 5th cavalry. To take care of the school work these have been reinforced by Battery A, and the brass band of the 3rd Field Artillery; Company E, of the 19th Infantry, and Company A, of the signal corps, with field telegraph and wireless equipment. Tents, blankets and other equipment were brought here from the army supply depot at St. Louis. Lieutenant Colonel W. B. Bannister is the chief medical officer and Lieutenant Joseph H. Barnard, 5th cavalry, is chief quartermaster.

The camp will cease Oct. 17. The course of instruction, under experts, includes drill, marches, camp sanitation, personal hygiene and technical military studies, such as trench digging, engineering and map making.

PIONEER OF OGLE CO. PASSED AWAY

MRS. MARYETTE MINKLER, AGED 92, DIED AT ROCHELLE SATURDAY NIGHT.

Rochelle, Sept. 20.—With the passing of Maryette Reed Minkler at the home of her daughter, Mrs. A. A. Burbank, Saturday night, Ogle county loses one of its pioneer settlers. Mrs. Minkler, who was in her 92nd year, has resided in this state 74 years, the greater part of which was spent in this vicinity. Death resulted from the infirmities of old age.

Maryette Reed was born at Three Lakes, Herkimer Co., N. Y., June 6, 1824. On April 4, 1841, she was united in marriage to Mortimer Milton Minkler, the couple coming west at once and settling in Kendall county. Later they moved to a farm west of here, then known as Lane Station. She was the mother of ten children, five of whom survive.

The funeral services were held this afternoon from the home of A. A. Burbank, Rev. W. L. Whipple, of the M. E. church, officiating.

W. D. Hart went to Chicago Saturday and spent the week end.

Attorney C. F. Preston of Pawpaw attended the opening of circuit court here today.

ROCHELLE FOR CHAMPIONSHIP

Rochelle, Sept. 20.—With 25 candidates out the prospects look good for a championship high school football team. Atty. Fred E. Gardner, the old Cornell university quarterback, is coaching the recruits. The locals will open the season with East Aurora at Aurora, Oct. 2.

Attorney John W. Dabb of Mendota was here today on business at the court house.

Attorneys P. M. James and J. E. Lewis were both up from Amboy today to attend the opening of the circuit court.

Former County Treasurer Frank C. Vaughan was up from Amboy today.

John Russell was up from Sterling today circulating among friends in this city.

Frank Rosbrook went to Springfield today where he has charge of the Velle exhibit at the state fair.

Mrs. Charles Plein accompanied her daughter, Miss Marguerite, to Evanston today, where she enters Northwestern University as a sophomore.

Ray Miller was in Maytown on business today.

WAR HAS SUPPRESSED DUELING IN HUNGARY

HAS ACCOMPLISHED MORE IN SIX MONTHS THAN LAW DID IN 20 YEARS.

Budapest, Hungary.—Correspondence of the Associated Press.—In suppression of the duelling mania in Hungary the war has accomplished more in six months than the law had been able to do in twenty years. Up to one year ago it seemed that nothing could be done to stop duelling. Notwithstanding all legal prohibitions, such an important personage as the Minister-President, Count Stephen Tisza, continued fighting duels, having had a dozen to his credit, six of them during his term of office, and openly defying all the penalties threatened by law.

In the first six months of the war the change was so marked that fewer duels were fought during that period than had ordinarily taken place in a single week before. Since last spring not a single case of duelling has been reported, in contrast with the fact that during one week in July, 1914, 54 duels were recorded in Budapest alone.

How public opinion has changed on this question of duelling is shown in a document recently published in the Hungarian papers. A provincial lawyer made some disparaging remarks about the army in the presence of a wounded officer, who resented his conduct in very sharp language. The lawyer drew up a challenge, but the seconds met and drew up a document setting forth that an officer ready to sacrifice his life for his country, was not obliged to give the so-called "satisfaction" and that in the present war the life of every soldier and of every civilian was too precious to be risked in duelling.

The anti-Duelling League which has long existed in Hungary, expresses the hope that this evil has been overcome, not only for war times but also in peace.

SELLERS RESIGNS PLACE.

Preston Sellers, pianist at the Family theatre, has resigned his position and will leave Wednesday for Chicago. During his stay in Dixon Mr. Sellers has made many friends who will be sorry that he is to leave the city, and who will unite in best wishes for his future.

—Don't miss "The Sands of Time" in three reels, from the Selig Studio at the Family theatre tomorrow night. Miss Martha Boucher, a former Dixon girl, plays the leading part.

CO. G DRILL.

Company G will meet for drill at their Armory this evening.

SISTER MARY ELZEAR DEAD

Was Last of Seven Nuns Who Accompanied Mulligan's Brigade South.

Chicago, Sept. 20.—The last surviving member of a party of twelve Chicago Sisters of Mercy who went with Mulligan's Irish brigade to the civil war in 1863, is dead in St. Xavier's convent, Wabash avenue and Twenty-fifth street. She was Sister Mary Elzear (Gratton). She was eighty-five years old.

Sister Elzear was born in Ireland and came to this country while a young girl. She was the last surviving member of her family. After her return from the civil war she served in St. Xavier's academy until the great fire of 1871. Then she went to Mercy hospital.

Execute Austrian as Spy.

New York, Sept. 20.—From Marburg, Austria, comes the news printed in the Pragertagblatt, of the execution in Canada of Ernst Sackl, reserve lieutenant in the infantry, who was by profession a civil engineer. He was accused of being a German spy, and is said to have been shot on or about June 18 near Toronto. Sackl was employed by the Northern Pacific railroad.

Sleeps Under Car, Now Under Sod.

Pana, Ill., Sept. 21.—George Landreth, twenty-eight years old, of Harvel, west of Pana, went to sleep under a Wabash box car, on the siding at Harvel with his legs across the rails. An engine, in pulling out the car, passed over the legs of Landreth and he died three hours later in the hospital.

Plot New Revolt in Portugal.

Lisbon, via London, Sept. 20.—Adversaries of the government aided by the Republican opposition, are plotting a new revolution, it is reported. Troops are held in the barracks under arms.

Old Directory Back Number.

East St. Louis, Ill., Sept. 20.—East St. Louis is to have a new city directory, upon which work will begin in a few days. It is more than three years since the last directory was published. The old directory does not include the names and addresses of hundreds who have located in the city since 1912.

Rockefellers Discuss Gain.

Cleveland, Sept. 20.—John D. Rockefeller, Jr., arrived here from New York, carefully guarded. He came ostensibly to visit his father, but it is believed he is here to discuss the \$1,000,000,000 loan the allies are attempting to negotiate in the United States.

Mr. Packard of Chicago spent Saturday and Sunday with friends in Dixon.

BORDER FIGHTING IS AGAIN RAGING

One American Killed; 15 Mexican Bodies Found.

MAY BE MANY MORE DEATHS

Firing Breaks Out at Three Points Between Mexicans and Texas Citizens, Patrols and Rangers—Dead American Became Too Zealous in Pursuing Bandit Band.

Galestion, Tex., Sept. 20.—The calm following the battle between Mexicans and Americans at Dona Friday was broken when three different marauding bands of Mexicans clashed with as many citizens, patrols and Texas Rangers in Hidalgo and Cameron counties. As a result Lynn Fitzsimmons, a ranch employee, near Armstrong was killed. Seven Mexicans are known to be dead and reports are that "other bodies will be found."

Fitzsimmons was killed when seven bandits were attacked near Martin's ranch. He became over-anxious in chasing fleeing Mexicans and was shot from his horse. Three Mexicans were killed in this battle, the others escaping in the cactus.

Two Mexicans were killed in the Dona district. These were approaching the pumping station when citizens who thought the bandits meant to dynamite the station ordered them to halt. The Mexicans attempted to escape and were killed.

Locate Bandits, Kill Two.

There was another fight in the Defina country in the morning. Rangers and citizens located some fifteen Mexicans near a ranch house. A running fight ensued in which two Mexicans were killed and two wounded. The bandits were pursued but escaped.

South of Chaplin twenty miles another band of Mexicans were sighted. Others were seen near San Benito and Ringold, and ranches in these sections called for help which could not be furnished because of location. The citizens are armed however, and little fear is felt for their safety.

There was some firing on the river north of Brownsville in the afternoon, but late reports mention no deaths.

Vincent Fuller and George and Clarence Dodson of DeKalb, who visited with friends in this city, went to Rockford yesterday.

Miss Vernie Mysel of Chicago is spending a few days with her grandmother, Mrs. Mary Trein.

The many friends of Miss Martha Boucher will be pleased to have an opportunity of seeing her in The Sands of Time at the Family Theatre tomorrow evening.

SUBMARINES DRIVE NEW FISH TO SHORE

SWEDISH FISHERMEN ARE CATCHING NEW SPECIES SINCE WAR BEGAN

Stockholm, Sweden, (Correspondence of the Associated Press).—During the past few months of the war, tremendous quantities of a species of fish unknown to Scandinavian waters, and driven in, it is supposed, by the disturbance of the sea caused by submarine warfare, have been caught off the Swedish coast near Gothenburg and appear as a novelty on the menus of the restaurants in Stockholm. Although these fish are said to be common in southern seas where they are known as "ton" fish, they have never before been caught in this part of the world. A record catch was made a few days ago near Gothenburg by a man who brought in 950 fish, every one of them weighing 150 kilos. Since more of these fish are taken in daily than can possibly be used for food, oil has been made from them, but it is said to be of an inferior sort and hardly worth the cost of manufacture.

With the exception of this gratuitous offering, Sweden is by no means oversupplied with food. Prices offered for food abroad, particularly in Germany, have been so enticing, and exports have consequently been so large that Sweden finds herself now in the predicament of not having enough supplies for herself.

MILLER IN SELECT CLASS NOW

"Windy" Is Among the 300 Hitters Of the Federal League

Ward Miller, Dixon's representative on the St. Louis Federal league, team, has broken into the select class of the league, according to the complete averages of the league, his batting average being .309. In Sunday's game against Baltimore "Windy" got three of his team's nine runs.

AMBOY WOMAN WON

In the presence of about 400 people at the Lee County fair grounds on Saturday the last Hoosier Cabinet in the free drawing contest of Keyes Ahrens Ogden Co. was awarded to Miss Anna Clark of Amboy, hers being the lucky number 0698.

Fred Puterbaugh visited with acquaintances in Sterling Sunday afternoon.

Con Williams was here from Chicago today.

Mrs. Lydia C. Clark and Arthur C. Clark left last evening for a trip to San Francisco, Cal., and other points in the west.

ILLINOIS ADOPTS TRIPLETS

State Takes Over Family of Foreign Woman Recently Naturalized.

Chicago, Sept. 20.—The state of Illinois adopted its second set of triplets when the widows' pension law operated in behalf of Mrs. Helena Hardt, 5444 Higgins avenue, and her children. Mrs. Hardt formerly had a pension but lost it under the ruling that as a foreigner she was not entitled to it.

Recently she has become naturalized and the pension of \$10 a month each for the triplets becomes operative. There are seven children under ten years of age, and two of these have been supported by the state. Two others are of foreign birth. This is the second set of triplets adopted by the state. The others are children of Mrs. Anna Christensen, 3148 West Twenty-second street.

Wedding Closes Romance of 60's.

Pana, Ill., Sept. 20.—The marriage of Judge J. N. Gridley, for years a leading Republican politician and successful pioneer lawyer of Central Illinois, for more than forty-five years a resident of Cass county, and Mrs. Emily Collins Brady at her home in Long Beach, Cal., marks the end of a romance of the early 60's. The couple are each seventy years of age.

COUNCIL WILL MEET.

The regular meeting of the city council will be held tomorrow morning.

"The Sands of Time," in three reels, featuring Miss Martha Boucher, formerly of Dixon, will be shown at the Family tomorrow night.

HAMILTON FIRST TO RETURN HIS MILEAGE

Illinois Senator Restores \$68 Following Court Ruling.

Springfield, Ill., Sept. 20.—State Treasurer Andrew Russell received a check for \$68.04 from Senator John R. Hamilton of Mattoon, being the amount of mileage collected by the senator under the appropriation made by the last legislature, and which was recently declared by Circuit Judge Creighton to have been unconstitutional.

Senator Hamilton is the first member of either branch of the assembly to return money collected from that appropriation, although others have written the treasurer that they would do so as soon as the amount they collected is told them.

Boy, 9, Drowned in Brook.

Virginia, Ill., Sept. 20.—Arthur Heyland, nine years old, was accidentally drowned in the town brook here, which is out of its banks on account of a heavy rainfall. He was the oldest son of Edward Heyland, who has been prominent in business here for twenty years.

Employee Killed by Train.

Centerville, Ill., Sept. 20.—Albert Bently, an employee of the Illinois Central railroad, was killed instantly when a string of cars crashed into some cars beneath which he was working. The coroner's jury held the railroad company at fault.

Saxon SIX

\$785

The "Six" that led the way

SAXON SIX \$785

The fastest selling "Six" in the world today. The first "Six" on the market for less than \$1000. The Pioneer in the field of "Light Sixes."

Saxon Roadster	\$395
Saxon "Six", five-passenger touring car	\$785
Saxon "Six" Roadster, out October first	\$785

Keep an eye open for the New Saxon "Six" Roadster on Display after October first at \$785, with Regular touring car chassis.

Nowadays you read in almost every paper announcement of price reductions. You hear on every hand that this manufacturer or that one is planning to build "Sixes" exclusively or, at least to make a 'leader' of a "Six" under \$1000.

Well, remember the Saxon is the car that pointed the way. We haven't needed to make price reductions, because the Saxon "Six" was priced right from the start. We haven't needed to shift our manufacturing plans. For we recognized from the first that the six cylinder motor, with its big advantages of power flexibility,

smoothness and comfort, was the right motor for a touring car.

Saxon "Six" offer you the unique combination of a thoroughly new car and yet well tried car. It was the first of the new season's models in owners' hands. Hence it had three month's start on cars now being "announced." And in these three months it has proved itself—has made good in the hands of thousands of owners. Saxon "Six" is the fastest selling "Six" in the world today. Come see it and you will realize why. Buy a Saxon "Six" and be satisfied.

What more can you ask than such features as these: Six cylinder Saxon-Continental motor, 30-35 horse power; Timken axles; Gray & Davis electric starting and lighting; dry plate clutch; honeycomb radiator; cantilever springs; 112-inch wheelbase; 32-inch by 3 1/2 inch tires.

MRS. DURAND'S HERD IS GIVEN TO SCIENCE

State Not to Kill \$50,000 Afflicted Guernseys.

Chicago, Sept. 20.—The \$50,000 herd of pure bred Guernseys owned by Mrs. Scott Durand, Lake Bluff society dairywoman, is in the hands of scientists.

After many sleepless nights and a bitter legal battle Mrs. Durand saved the lives of her "pets," as she calls them, from slaughter by the state. The court has ruled, however, that a strict quarantine of the Crab Tree dairy farm shall be maintained, and that scientists of the state and nation shall make a study of the foot and mouth disease—its cause, involving the bacteriological research, and effect.

Mrs. Durand's herd was placed in the hands of scientists by Judge Charles H. Donnelly of the circuit court in Woodstock. His decision was a victory for Mrs. Durand, in that it saved her cattle from slaughter. They may die later from the disease, but the state cannot kill them.

WILSON LEADER IS INDICTED

Bank Failure Brings True Bill Against Colonel J. T. McGraw.

Cumberland, Md., Sept. 20.—The Taylor county grand jury after a session of nearly five days, at Grafton, Va., returned indictments against the directors of the Grafton bank, a state institution which closed its doors nearly a year ago and which at the time it was stated would liquidate without loss to the depositors.

Colonel John T. McGraw, member of the Democratic national committee of West Virginia and for years the Democratic leader in the state, was president of the institution. McGraw was the Wilson leader in the state in the last presidential election. Two indictments were found against him, one for felony and one for misdemeanor, while 15 indictments for felony and one for misdemeanor were found against Charles H. Durbin, the cashier, who is McGraw's brother-in-law.

Says New York's Nemesis Was Sunk.

New York, Sept. 20.—That the submarine which destroyed the steamship New York City last month is herself now resting on the bottom of the sea is the statement made in a letter made public by Captain Thomas Fleming Day of New York City, which he received from the skipper of the lost vessel.

Miss Gardiner's Husband Killed. Boston, Mass., Sept. 20.—News has been received here of the death from wounds in the Gallipoli Peninsula of Captain Roger Francis Gardner, whose wife was Miss Anna Lowell Gardner, a Boston society girl, and daughter of Mr. and Mrs. Robert H. Gardner of this city.

Swiss Get Munitions Orders.

Geneva, Switzerland, Sept. 20.—A huge munitions order has been given the watch factory at Locle by the British government. An equally large order has been placed by the Italians with the watchmakers at Chaux-de-Fonds.

GOLD MEDAL AND \$1 IN BANK

That is What Little Miss Albrecht Gets for Being Perfect Baby.

Collinsville, Ill., Sept. 20.—Little Miss Emily Albrecht, aged thirteen months, is Collinsville's "perfect baby." From a field of 100 entries, she won the coveted distinction on the final day of the second annual fall festival. To her goes the gold medal. The little girl is the daughter of Mr. and Mrs. William H. Albrecht.

The State Bank of Collinsville announced that each of the babies in the contest would be given a bank account of \$1. "Not in the father's name," said the president, "nor in the name of the mother, but in the baby's own name."

DIPHTHERIA HALTS SCHOOL

Fresh Outbreak Occurs at DuQuoin, Ill.; Several Deaths.

DuQuoin, Ill., Sept. 20.—At a special meeting of the City Board of Education it was decided to again postpone the opening of the schools for an indefinite period, as a result of several new cases of diphtheria.

A fresh outbreak of the epidemic, which has prevailed for several weeks, is reported. Several deaths have occurred and the city and the school authorities are co-operating to stamp out the disease.

Horseman Is Shot.

Rock Island, Ill., Sept. 20.—Following an argument over splitting first money in a horse race in which both had driven at the fair at Aledo, Ill., Clarence David was shot and killed by William Meyer of Knoxville, Ill.

Peoria to Vote on \$500,000 Roads.

Peoria, Ill., Sept. 20.—By action of the board of supervisors Peoria county, on April 2, will vote on the question of a bond issue of \$500,000 for good roads.

Will the readers of the Telegraph be kind enough to look at the date on the little yellow tag. It serves as a receipt.

NOTICE TO CONTRACTORS.

SEALED PROPOSALS addressed to the Board of Local Improvements and Council of the City of Dixon, in the County of Lee and State of Illinois, and endorsed, Proposals for the furnishing of the labor and materials for the construction of cement sidewalks on the west side of Highland Avenue; on the west side of Chestnut Avenue; on the east side of Walnut Avenue; on the east side of Noble Avenue; on the east side of Logan Avenue; on the west side of Douglas Avenue; on the west side of Monroe Avenue; on the east side of Monroe Avenue; on the north side of Fourth Street; on the south side of Eighth Street; on the south side of Ninth Street; on the north side of Pine Street; on the north side of Morgan Street; on the south side of Everett Street; on the north side of East Bradshaw Street; on the east side of Brook's Place at such points and places in said streets, avenues and alleys as specifically designated and pointed out in the ordinance for said improvements, or such of said sidewalks as have not been heretofore constructed by the owners of adjoining property according to the provisions of said ordinance. All of said sidewalks to be of a width of four (4) feet and constructed in the City of Dixon, County of Lee and State of Illinois, as provided for in Local Improvement Ordinance Number 175, Series of 1915 of the City of Dixon, will be received by the Board of Local Improvements at the City Clerk's Office in the City of Dixon, Lee County, Illinois, until ten o'clock in the forenoon on Tuesday, the 28th day of September, A. D. 1915, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and said Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at ten o'clock in the forenoon on said day.

Said bids will be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and will be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 24260 square feet of cement sidewalks as provided for in Local Improvement Ordinance No. 175, Series of 1915, of the City of Dixon, Illinois. A bond of Fifteen Hundred (\$1500.00) Dollars will be required, conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished by the City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon. Bonds to draw interest at five per cent per annum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's office and may be seen at either the office of the Mayor or City Clerk of the City of Dixon.

The Council and Board of Local Improvements reserves the right to reject any and all bids.

Dated at Dixon, Illinois, this 17th day of September, A. D. 1915.

Signed, BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

BY MARK C. KELLER, Their Attorney.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Doughty St., Nicetown, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

LEE
Lee, Sept. 18.—Owing to bad roads not many attended the fair. J. E. Johnson shipped grain on Tuesday. S. M. Maakestad and son were in Chicago Tuesday. Will Winterton shipped six horses to the Chicago market.

Mrs. J. L. Lutz will accompany her son Fred Myers to Wisconsin soon. D. E. Kennedy just received a car load of Rock phosphate from Saterfield, Tenn., to be put on his land.

Arthur Edwards left Monday for Norway, Ia., on business.

Miss Ida Olson left Monday for Ottawa where she will attend school.

Roy Williams will teach school in City, Ia., where he will teach school.

O. A. Hammersand of Houston, arrived in Lee Tuesday. Mr. Hammer sand was in business and partnership with T. T. Elde for eleven years prior to 1895. He sold out to Mr. Elde and embarked in the sewing machine business at Houston up to a year ago. He has been up in South Dakota where he has two brothers. He also has a sister, Mrs. Bennie Knudsen.

O. A. Rissetter and wife, L. C. Rissetter and family just returned from a few days' visit at the Albert Olson home at Woodstock.

G. Gunderson entertained the first of the week his brother, wife and son of Marcellus.

Sam Jacobson and wife, son George and daughters, Miss Vina and Mrs. O. Ofidal wer in Rochelle Tuesday.

Miss Gertrude Jacobs purchased a new Studebaker auto from Ed Larson of DeKalb.

AMBOY
Amboy, Sept. 18.—Mrs. Victor Barkey of Chicago was a guest of Amboy friends this week. Mrs. Barkey was formerly Miss Gertrude Kooztz.

Peter Swisher is entertaining his brother Jacob of Marion, O.

Anthony McMahon of Dixon was here a few days recently.

Mrs. Harriet Kiefer of Sterling spent Friday at the home of Mrs. B. Kiefer.

Miss Cora Eddy of LaMoille is a guest at the home of W. L. Eddy.

W. S. Woodrow of Missouri is visiting his brother, J. R. Woodrow, west of the city.

Mrs. H. P. Epperson has returned from a visit with relatives in Prophetstown.

Miss Harriet Maine is in St. Paul, Minn., visiting at the home of her sister, Mrs. H. R. Fenstermaker.

William Roat of Chicago is attending the fair.

Many visitors at the fair grounds admired the beautiful clay modeling which was done by a tramp artist, who refused to give his name, but who said he was a student of the Philadelphia Academy of Fine Arts and had worked as assistant to sculptors of note.

His tools were two sticks, spatula shaped, but the work which he put forth, with those crude instruments was marvelous.

His first piece of work was made in the sand pile by the side of the bridge, on East Main street. Later he moved to the park. "Nimrod" was most beautifully executed, as was "Cast Up by the Sea" the figure of a woman with an infant clasped in her arms.

Mr. and Mrs. Norman Jewett are entertaining their granddaughter, Mrs. Fred Behrend of Chicago.

cago returned home this evening after a week's visit at the Holleran home on Plant street.

The races were declared off today as the rain of this morning put the track in bad condition. The fair grounds were the scenes of great activity today, as all exhibitors were anxious to remove their entries before Sunday.

Mrs. Roy Scott spent Wednesday with Sam McGaffey.

Mrs. Bruce Zeigler and son Lewis returned Wednesday after several days' visit with friends in Chicago.

Mrs. E. A. Covert visited Friday at the Lewis Scholl home.

Mr. and Mrs. Frank Hoover were entertained at the Wm. Martin home Wednesday.

Mrs. Elizabeth Beede of Dixon spent several days last week with her daughter, Mrs. John Trouth.

E. C. Williams was a business caller in Dixon Thursday.

Terre Haute Bar Starts House Cleaning Today.

Terre Haute, Ind., Sept. 20.—Formal action to disbar eight Terre Haute lawyers from practice in the courts of Vigo county has been taken by members of the bar committee of the Bar Association after charges Saturday were filed. Charges have been preferred against Donn M. Roberts, former mayor of Terre Haute; Eli H. Redman, deposed judge of the Vigo circuit court; Hilton Redman, a son of Eli H. Redman; Thomas C. Smith, deposed judge of the city court; Frank Pippin, Phil Long, Henry C. Price and William H. Taber.

Roberts, the two Redmans and Thomas Smith are serving sentences in the Federal prison at Leavenworth, Kan., for frauds in the last election. Pippin last spring was found guilty of passing worthless checks by the Marion county criminal court. W. H. Taber served two years in the state prison as a result of the wrecking of the American State bank.

Bill Long escaped punishment at the hands of the city court here last summer for a check of \$1,000, after the charge had been filed against him, made good the amount of the check and proceedings were dropped. Henry Price departed from the city rather suddenly just about the time the bar committee was considering his actions.

Train Stalls in Taffy. Seranton, Pa., Sept. 20.—Molasses oozed from a leaky tank in a freight car hauled over the Poconos on the Lackawanna railroad, and the one following it, a passenger train from New York, couldn't make the heavy grade through the taffy, but came in aided by pushers two hours late.

IT'S SURPRISING

THAT SO MANY DIXON PEOPLE
FAIL TO RECOGNIZE KIDNEY WEAKNESS

Are you a bad back victim? Suffer twinges, headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do. Kidney trouble needs kidney treatment. Doan's Kidney Pills are for the kidneys only.

Have convinced Dixon people of their merit. Here's a Dixon case: Dixon testimony.

Kidney sufferers hereabouts should read it. L. S. Fultz, Prop., of grocery store, 711 Depot Ave., Dixon, says: "Occasionally I get weak through my back and when I have such an attack Doan's Kidney Pills always relieve the trouble. They are an excellent medicine for kidney complaint and I highly recommend them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fultz had. Foster-Milburn Co., Props., Buffalo, N. Y.

SEE SILK WORM SPIN IN MUSEUM

**SPECTATORS PERMITTED TO
WITNESS TEXTILE INDUSTRY
THROUGHOUT.**

Follow Process From Worm Feeding
on Fresh Mulberry Leaves to
Finished Silken Gown.

The silk exhibit in the National
Museum at Washington, D. C., has
been a source of much interest and
wonder due to the fact that one case
in the series has been the home of
several hundred silk worms which
have been entertaining the public by
their spinning.

The worms were placed in the
museum when about twenty-four days
old, and were fed on mulberry leaves
for several days until they were fully
mature, and ready to spin their co-
coons. At this time several racks and
trellises were placed in the case, to
which each worm anchored his co-
coon.

All during the week these spinning
worms have been busily engaged in
wrapping about themselves their
filmy threads of silk, in preparation
for their metamorphoses. When the
cocoon was all completed, they
were collected and the chrysalides in-
side stifled so that the emergence of
the silk moths later would not spoil
the silk strands. These cocoons will
be placed on exhibition in connection
with the other material of this exhibi-
t.

The case of silk worms represented
the first step in a series of exhibits
showing what silk is, how it is man-
ufactured, and many samples of the
various finished products derived there-
from. This section of the division of
textiles takes the museum visitor for
a tour of instruction in silk—literally
from the worm which makes the silk
to the finished silken gown.

It includes samples of nearly every
kind of fabric manufactured from silk
in this country and abroad. Various
sorts of cocoons are shown from sev-
eral countries, together with many
implements, and some apparatus used
in the care of the worms themselves
and the mulberry trees on which they
are fed. Certain of the special imple-
ments and tools used in the cleaning,
combing, and reeling of the silk from
the cocoons are also to be seen. The
finished products include thread,
thrown silk for insulating purposes,
yarn-dyed and piece-dyed fabrics,
wash silks, prints, jacquards, velvets,
and scarfs, ties, ribbons, and veils.

A case of preserved specimens
shows the cycle of life of the indus-
trious little animal. The egg of the
silk moth is about the size of the head
of a small pin, and hatches in about
ten days time into a tiny worm. Its
growth from this minute form takes
about a month, during which time it
develops into a worm about three and
one-half inches long and one-quarter
of an inch in thickness. Upon reach-
ing its maturity, the worm stops feed-
ing and begins to crawl about the
trellises in search of a place in which
to spin its cocoon. In from two to five
days the cocoon, composed of a single
thread between 300 and 700 yards in
length, is spun.

Within the finished cocoon the silk
worm sheds his skin and passes into the
pupa or chrysalis stage. If the
cocoon is not put through a "stoving"
or stifling process, which kills the
chrysalis inside, it will become a
grayish-white moth in two weeks
more, and push its way out of the co-
coon.

Such procedure, however, is allowed
only when silk moths are needed for
breeding purposes, since in emerging
the moth pushes through the head
end of the cocoon with its head and
legs, after having moistened it with
a secretion which tends to rot the fi-
ber, thus rendering it useless for reel-
ing and of value only for spun silk.

In order to reel the cocoons they
are first immersed in boiling water and
brushed, to rid them of the loose
outer filaments. The true thread is
then unwound almost to the chrysalis,
but the inner lining is far too fine to
be reeled, and is used with the outer
waste in the manufacture of spun
silk.

A single cocoon strand is too fine
for commercial use, and is, therefore,
combined with several others to make
a single thread of reeled silk. One
pound of six-ply reeled silk will reach
a distance of about 180 miles.

The moths desired for breeding are
allowed to break their way out of
their cocoons, and, after mating, lay
from 300 to 400 eggs, dying soon after
having completed their life cycle.

Outside of its lesson in the tech-
nology of an important industry, the
silk exhibit, with its living comple-
ment of spinners, presented a fine
natural history lesson to the small
children, and a graphic illustration to
the older ones, especially to those
of the sewing classes in our domestic
science departments and schools.

Airships You Can't See or Hear.

The newest idea in aeroplane con-
struction is to use, instead of can-
vas, as a covering for the wings a
non-inflammable celluloid. This makes
the craft quite invisible and enables
the aviator to make observations in
all directions. A new muffling box
has also been devised which makes
the motor almost noiseless.
